Dear Mr. Leif Bertrand:

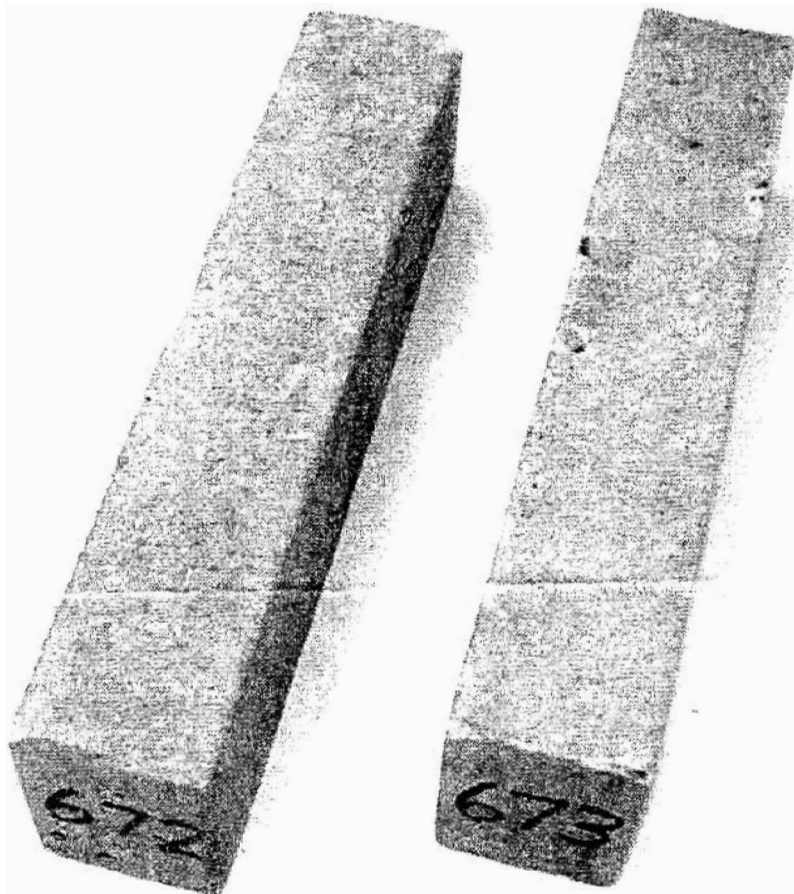

Evercrete Deep Penetrating Sealer has been evaluated and passed the Virginia Department of Transportation's requirements for Hydraulic Cement Concrete Coatings and will be added to our Approval List Number 30. You will be required each year beginning in the Fall of 2006 to submit a letter certifying no changes have been made in the formulation of Evercrete Deep Penetrating Sealer since the original test was performed. Failure to submit the letter will result in removal of your product from the Approval List. If I can be of further assistance, please call (804)328-3133.

Sincerely,

A handwritten signature in black ink that reads "Tommy Schinkel".
